# WASHINGTON HALL AND LAFORTUNE STUDENT CENTER

University of Notre Dame

*A blend of form and function  
for the grand dame  
of academic institutions*

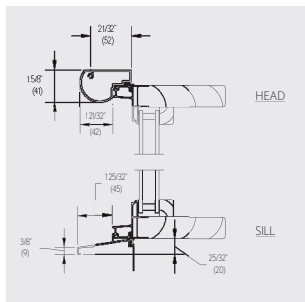

Like so many buildings on the University of Notre Dame campus, Washington Hall and LaFortune Student Center have great historical significance. With both buildings listed on the National Register of Historic Places, their renovation called for windows that would be energy efficient and low maintenance—while preserving the profiles and unique colors of the originals. Marvin Signature Services was selected because of our custom capabilities, attention to detail and experience replicating wood in such national treasures.

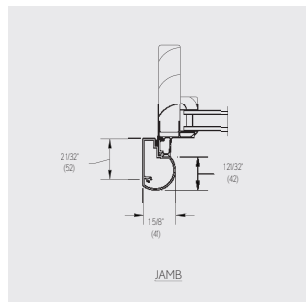

LaFortune Student Center—  
University of Notre Dame

## PROJECT HIGHLIGHTS

- ✓ This totally custom project involved 310 units, with many Marvin employees working to guide these windows through the process.
- ✓ Marvin created a brand new product using a combination of Single Hungs, Double Hungs, and Magnum Double Hungs, with extruded aluminum clad exteriors finished in custom colors.
- ✓ Custom clad window casings based upon the architect's drawings were created—and factory-applied to save on-site time and labor.
- ✓ Two custom colors, Irish Tan and Irish Bronze were created for the project.
- ✓ Windows utilized a unique 1 1/2" (3.75cm) Simulated Divided Lite (SDL) bar.
- ✓ The team also created a monumental circular window assembly on Washington Hall.
